

Funding Assistance for Playground & Park Projects

Helping Communities Turn Ideas into Funded Projects

Hutchinson Recreation & Design works with parks, schools, municipalities, and nonprofit organizations to develop project concepts and provide the supporting materials commonly used in grant applications and fundraising efforts.

How We Can Help

- Conceptual site plans and 3D renderings
- Preliminary budgets and cost estimates
- Product specifications and technical information
- Grant support materials and project narratives
- Sourcewell cooperative purchasing assistance
- Project phasing and alternate options

Commonly Funded Items

- Playground equipment
- Safety surfacing

- Shade structures and shelters
- Site furnishings and benches
- Athletic equipment
- Dog parks and specialty recreation areas

Funding Sources to Consider

- Federal and state grant programs
- Community foundations
- Corporate giving programs
- Service clubs (Rotary, Lions, Elks)
- PTO/PTA and local fundraising

Competitive Pricing Commitment

- Some manufacturers promote 'matching grant' programs that are often structured as promotional discounts.
- Hutchinson Recreation & Design provides funding assistance, conceptual design support, and competitive pricing regardless of the funding source.
- We are committed to matching competitive designs and pricing within the industry to help maximize your project budget.

Why Clients Work With Us

- Local knowledge of Missouri and Illinois funding opportunities
- Responsive support from concept through completion
- Access to nationally recognized manufacturers
- Experienced in playgrounds, shelters, site amenities, and surfacing

Have a project in mind? Contact us to discuss your goals, potential funding sources, and next steps.
